

Hello Orange class! I hope you are all well. I'm keeping busy but life is much quieter without you all. I have been going on walks every day to keep active, how are you keeping active at home? I have been planting and growing things outside and have been baking yummy things in the kitchen. I hope you have been doing lots of reading, I have read two books so far but I'm sure you have all read more! I miss you all and hope you are being very good and helpful at home!  
- Alice

Hello Orange class!  
Hope everyone is well and keeping busy.  
Since last week, I have made long reading list ( so far I read 2 books) and I have been baking and cooking a lot. Pizza on the menu today!  
Sending lots of love to you all and hope to see everyone soon,  
- Natalija

Hi Orange Class!  
Hope everyone's doing good, I've been using the time off to do some nice walks around the area, baking (which doesn't always go well 😞) and I've dusted off my ukulele and have been playing so much my fingers hurt! This is a great opportunity to learn an instrument if you've always wanted to. I'm looking forward to playing for you when we get back. Stay safe 😊. Justine

## TASKS

### Purple Mash

Some of you have already accessed Purple Mash and completed the activities that have been set on there, well done to you. If you are not sure how to access these;

- find your purple mash login on the inside of the workbook we sent home
- use this to login into the purple mash website
- click on the '2Dos' tab at the top of the page and you will see a list of tasks set

### Literacy tasks:

- I hope you are all working on the phonics sheets I gave you. Over the next few weeks I would like you to focus on the sounds 'ir', 'ie' and 'oy'. Once you have completed the sheets, I'd like you to write at least 5 sentences in your workbook using 'ie' and 'ir' words.
- Keep up your journal about what you're doing with your time at home. Try to write a few sentences every day. You could draw a picture to go with this.
- Write a recount of an activity you have done to stay active. For example: "First I did 20 star jumps. Then I did 10 sit ups. Next I ran around the garden 3 times and hopped on the spot for 15 seconds. Finally I walked up and down the stairs 5 times."
- Learn a short poem about Spring and think of some actions to go with it, and perform it for your family. There is a nice Spring poem on Twinkl.
- Practice writing capital letters C, D, E and F. Sheets can be found on Twinkl to support this.

### Maths tasks:

- **Measuring in cm** - Use a centimetre ruler (can be printed if you don't have one at home) to measure the lengths of 5 objects around your house and record in your workbooks. What's the shortest object you can find?
- **Find 50** - find something in your house that you have 50 of - 50 books? 50 pencils? 50 shoes? (That would be a lot of shoes!) Count to make sure you have 50!

- **Weighing** - Use kitchen scales to find two different objects that weigh the same. Draw them and label them with their weight. Does a banana weigh the same as a remote controller?
- **Counting in 2s** - We can use pairs to help us count in 2s. Which objects usually come in pairs? I can think of shoes, socks and gloves. Use some of these pairs to help you count in 2s. What number can you count up to in 2s?
- **Capacity** - Please go over the terms 'empty/full/nearly empty/nearly full/full'. Ask your child to fill up a transparent cup/container to show a given amount eg nearly full. Then the adult fills the container and asks their child to describe it. Compare the amounts in different cups/containers using the terms stated above but also using 'more' 'less'.
- **Time** - Start to familiarise yourself with an analogue clock. How many numbers does it have? How many hands does it have? Try drawing one in your workbooks.
- You can begin your Maths session by singing the Months of Year song, join in with the actions too. Here is the link  
<https://www.youtube.com/watch?v=bp4365To218>

### Other Tasks:

- **Keep exploring** - there's always something to investigate, even at home. I'd like you to start exploring materials. What material is used to make a table? A jumper? A piece of Lego? Look around the house and write down every different type of material you can find.
- **Keep creating** - drawing, painting, building Lego models, junk modelling, collaging... whatever you use to be creative and make something, keep doing it! Your task for this week is to make a model of an animal out of recycled materials. Don't forget to take a photo!
- **Keep fit** - Use online resources such as The Body Coach on YouTube or Cosmic Kids yoga on YouTube, to keep your body moving and keep active and fit. Playing football in the garden or riding your bike outside is fine too, anything that keeps you moving (and remember to always follow the social distancing guidelines). Remember to find an activity that you can do a recount of for your literacy task.

## Rokesly Art Page

We want to see your art! On the Rokesly website within the 'Home Learning' page is a link to the Rokesly Art page, where there will be a weekly challenge for you to complete - last week it was Speaky Beaky. We have some fantastic artists in Orange class so I'd love to see you all taking part!

## Easter Project:

Spring is here which means it is time to learn about a new season. Use online resources to research the features of Spring.

What is the weather like?

What happens to the trees and plants?

What do we wear in Spring?

What other changes are there?

Draw a picture of a Spring scene and label with some of the features you have learned.

In Spring some people celebrate Easter, and like to give loved ones chocolate eggs. Can you design your own Easter egg? Don't forget to sing 'The Seasons Song' here is the link <https://www.youtube.com/watch?v=8ZjpI6fgYSY>

There are colouring in sheets on Twinkl you could use too.

There will be a virtual Easter cake competition online. If you would like to participate, please email a photo of your entry to; [admin@rokesly-inf.haringey.sch.uk](mailto:admin@rokesly-inf.haringey.sch.uk)

Enjoy the Easter period Orange Class. Here are some photos of Gary enjoying his holiday xxx
