

Hi Red Class

Hope you and your families are all well and enjoying the lovely weather? We loved speaking with you and your parents this week, finding out how you are getting on and all the exciting things you are managing to do in the lockdown. We heard that a couple of children had learnt to ride their bikes and like us, lots of baking had been going on. We were also glad to hear that some of you had been able to see each other in the park or at the front of where you live.

Hi from Christina – It was good to speak to some of you last week, I loved hearing everything you've been up to.

I have continued to work out in my garden and the lettuce I've been growing is nearly ready to eat. Unfortunately I will have no sunflowers in my garden this year as I went out one morning to find the slugs had eaten all the little shoots ☹️

I had a special day on Monday as it was my birthday. It was a lovely day as I saw lots of family and friends. Some people popped by and we chatted in my front garden, keeping a safe distance, and I chatted to other people using the computer. My children made me an amazing cake and cooked all my meals so I had a proper day off! Some special friends even popped round to my house really early and decorated my front garden as a surprise!

Hi from Becca - I have really enjoyed talking with some of you and your gowns up this week. I have heard about all the wonderful things you have been doing, including writing stories, Andy Warhol inspired art work, a dolphin project, new kittens and lots of cooking and baking! Lots of you told me about books you have been reading, and games you have played.

I went for a walk at a local reservoir with my family. It was lovely and hot, and there were people fishing. It *almost* felt like we were at the beach, except it was a lot smellier than the beach!

My youngest daughter who is 8 has been working on a unicorn project as she loves unicorns! She has written a story and a poem, has done some unicorn maths and we have just finished a decoupage unicorn head (I helped with that one)!

Hi from Duygu – I hve been really busy, my vine leaves have grown so much that I have been able to cook vegetarian stuffed vine leaves and they were delicious. I have been busy in my house and have started to strip wall paper in the living room. In the garden I have painted my shed blue. On Wednesday I was able to meet up with a good friend in Finsbury Park and it was lovely to see her. I'm sure you are all looking forward to seeing your friends soon.
