

Dear Silver Class Children

I hope you and all your family are well. I hope you're able to have some fun and enjoy some of the lovely sunshine we've had last week. Here's some photos of what I've been up to at home in the last week. I've been making bread, it was fun to make, and a bit messy, but then it didn't taste very nice when it was cooked!! I helped my daughter make a nest for her puffin. The puffin even laid an egg!

I can't wait to find out what you've been doing.
Take care and I hope to see you soon,

Katarina x

Hello again amazing Silver class!!

How are you all? I hope you've been keeping busy and doing lots of fun things at home. I have been busy re decorating my old chest of drawers, the sanding down took quite long and hurt my arms but I managed to do it! I went for a light pink colour paint and green patterned handles, I hope you like it. I have also been in the kitchen again, making homemade pizza, and white chocolate chip brownies :D I will make some for when we are back in to school for you all to try.

I hope to see you soon.

Lots of love,

Monique

XxxX

Hello all you very special Silver Class children,

I hope you and your parents are continuing to remain happy and healthy!

At the weekend we had an unusual visitor. It was a Hawkmoth, which had landed on our kitchen door and remained there sunning itself for a while. Also, two wood pigeons have made a nest in our olive tree in the front garden. They tried last year but were unsuccessful because the nest they built wasn't strong enough. This year they have spent lots of time gathering twigs and built their nest in a larger branch. It looks really sturdy, and they are taking turns to sit on the nest. Hopefully we'll see some baby chicks soon!

Speaking of families, I found out that I had a cousin in America who I didn't know about and he sent me a picture of three of my great great uncles. Perhaps you can do some investigating into your family tree by using the link below, you might find out some interesting facts.

<https://www.ancestry.co.uk/family-tree/>

I have been planting some vegetables and herbs in my 'Veg Table', which is like a mini allotment on legs. So far we have two tomato plants, two chilli pepper plants and Oregano, Thyme, Rosemary and Lemon balm. We also have a large potted strawberry plant which has begun to flower.

I hope you have fun doing lots of interesting things this week!

Lots of love,

Yael XXXX

Birthdays

Unfortunately, we have missed being able to celebrate the 5th birthdays of Andra and Jia. I want to wish a very happy belated birthday to both of you. I hope you all had a fun day at home and we will have to celebrate all the missed birthdays when we go back to school!
